SACRAMENTO, Calif.--(BUSINESS WIRE)--Inszone Insurance Services, a leading national provider of commercial, personal, and employee benefits insurance, is pleased to announce its recent acquisition of Davidson Insurance Agency Group, LLC. Located in Missouri, Davidson Insurance Agency has proudly served local businesses, families, and individuals since its founding in 1970, building a strong reputation for personalized and comprehensive insurance solutions.

Originally established by Carrick Davidson in 1970, Davidson Insurance Agency has been family-owned and operated for over five decades. Carrick's son, Dick Davidson, joined the agency in 1977, eventually purchasing it from his father in 1987.

"Choosing a partner was about finding the best way to grow the agency and preserve our legacy," said Dick Davidson. "After careful consideration and discussions with several potential buyers, Inszone stood out due to their excellent reputation and positive referrals. Their commitment to professionalism and strong integration practices made our decision clear."

Davidson Insurance Agency specializes in tailored insurance solutions, particularly within the small commercial business sector. Their long-standing relationships and client-first philosophy have fostered deep trust in their community. The acquisition by Inszone will allow Davidson Insurance clients access to an expanded suite of resources, technology, and insurance products, while preserving the personalized attention and care they have come to expect.

Chris Walters, CEO of Inszone Insurance Services, shared his enthusiasm about the acquisition: "We're excited to welcome the dedicated team at Davidson Insurance Agency to Inszone. Their longstanding commitment to personalized service and deep community connections perfectly align with our strategic vision. We're eager to support their continued growth and success."

Clients of Davidson Insurance Agency will experience a seamless transition, with ongoing support from familiar local agents now enhanced by Inszone's extensive resources and capabilities.
